

Considering a new computer; laptop, desktop or a tablet?

Geeks at Work / Computer Tamers have you covered... And **no one** sells quality technology for less!

### How we can help:

You can buy your new technologies from Geeks at Work / Computer Tamers, at very, very competitive prices, and get help from the Tamers as you do it. It's how it used to be when you shopped for *tech stuff*. You can even get **Complete Computer Care** with your new computer. Yes, the Tamers can do all the work for you - set it up, move your valuable data to it, train you on using it, *and even come to your home or office. This is real people-oriented service!* You don't need to go back in time to get it.

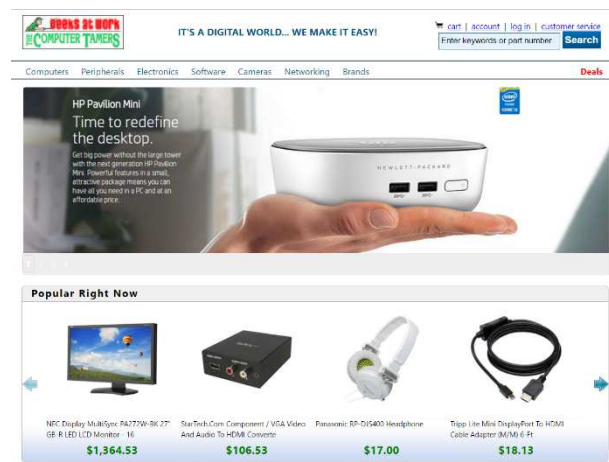

BBB Rating: A+ as of 11/26/2015

### Here's what you need to do:

Click over to **Tamers.biz** and choose our **ONLINE STORE**. Now, all the best technology is there for you to choose from. **IF YOU NEED HELP DECIDING**, give us a call and one of our Tamers will share their experience and knowledge with you, as you make your selection. Once you choose the right computer, your Tamer can give you the details of **Complete Computer Care** and **Tamers Smart Care** – both services provide you **with happy and safe computing**. Hallelujah! **Complete Computer Care** and **Tamers Smart Care** are not for everyone... they're designed for people who want to enjoy computing; and don't want to hassle with computers.
